*As the days go by we wonder if we will ever get used to the idea of you not being here with us.*

*There will never be a Dad or husband as honest and as loving as you. You were a special man and we feel so very privileged to have been a part of your life.*

*We love you so very much and words can't express our sadness and the emotions we feel every day that you are not here. We miss your voice that gave us the guidance in every major event in our lives, although you continue to guide us through life with your presence.*

*We just wish we could say our last goodbye to you, cuddle you and hold you. We want you to know that we will always love you and think about you every day of our lives.*

*You took a part of us that we know one day will be a part of us again when we meet and cuddle one another in your place of peace. We do not fear death, as this will reunite us.*

*We will love and miss you forever.*

*Your loving wife Clare (Puddy) and daughters Simone (Diddy) and Paulette (Punky)*

*We also take this opportunity to thank all the doctors, nurses and staff at Illawarra Private Hospital, Dr Anne Capp and the staff of the Radiotherapy Department at Wollongong Hospital, Drs Peter Maloney, Phillip Clingan, Stuart Jansen, Andrew Maljoug and Rene Dostal who cared for Reg/Dad and made him comfortable during his illness. We know that Reg/Dad appreciated the care you gave him. You are all very special people.*
